EDUCATION

- Diploma in Advance 3D Animation Program, Animation, Interactive Technology, Video Graphics & Special Effects**
Mumbai University, India | 2008 - 2009
- Bachelor of Commerce (B. Com)**
Mumbai University, Mumbai, India | 2004 - 2007

WORK EXPERIENCE

Freelance Senior Compositor | Double Negative, Mumbai | Mar 2025 – Present

- Spearheading compositing projects, overseeing the seamless integration of multiple layers of footage, ensuring the highest quality and aesthetic integrity.
- Collaborating with supervisors and multidisciplinary teams to troubleshoot and resolve complex issues related to visual effects and compositing techniques.
- Coordinating with clients to ensure alignment of project goals and deliverables, maintaining communication throughout the process.
- Innovating technical solutions to achieve challenging compositing requirements while maintaining high levels of creativity and visual impact.
- Delivering projects under tight deadlines, consistently meeting or exceeding client expectations in terms of both technical accuracy and artistic quality.

Freelance Senior Compositor | ImmerseFX, Sofia City, Bulgaria | Mar 2024 – Dec 2024

- Managed the compositing process for multiple high-profile projects, meeting critical deadlines while maintaining technical and aesthetic standards.
- Collaborated with diverse teams, incorporating feedback to elevate the final visual product, ensuring consistency across shots.
- Implemented creative solutions to complex visual challenges, enhancing the impact of the final footage.
- Regularly updated clients on progress, adjusting work based on client feedback and evolving project needs.
- Produced stunning visual artwork that aligned with the creative vision of the director and the production team.

Compositor | WorldwideFX, London, UK | Feb 2023 – Apr 2023

- Innovated in lighting and color correction, enhancing visual elements for multiple high-profile projects.
- Collaborated with producers and supervisors to ensure the seamless integration of visual effects with live-action footage.
- Worked on a variety of VFX tasks, including the use of particle systems, color correction, and shot modification, to deliver realistic, high-quality visuals.
- Played a pivotal role in adjusting and optimizing color grading, shadows, and lighting to achieve lifelike realism.
- Managed time and resources effectively, ensuring all compositing tasks were completed on schedule and in line with production requirements.

Key Compositor Artist | MPC, Mumbai, India | Sep 2022 – Jan 2023

- Led compositing efforts for key sequences, ensuring technical accuracy and creative quality in final shots.
- Introduced new tools and techniques to the team, improving productivity and enhancing compositing workflows.
- Assisted in the development of templates for sequences, streamlining compositing processes and ensuring consistency across shots.
- Played a leadership role in mentoring junior team members and offering guidance on best practices and troubleshooting.
- Delivered projects efficiently by working collaboratively and providing technical and artistic support to the team.

Compositor | Double Negative, Mumbai, India | May 2017 – Aug 2022

- Performed in-depth compositing work, merging multiple visual elements into cohesive, high-quality sequences.
- Ensured technical quality and visual aesthetics by applying advanced compositing techniques, maintaining the integrity of the director's vision.
- Worked closely with producers and supervisors, delivering effective solutions to any problems encountered during production.
- Collaborated with clients to ensure project deliverables were aligned with their expectations and creative goals.
- Played an active role in team collaboration and problem-solving, ensuring seamless project execution.

PROJECTS

- **Hero Shots for High-Profile Films:** Led compositing for key visual moments, ensuring flawless integration of visual effects.
- **Commercials & TV Series:** Worked on visual effects for a wide range of commercials and TV series, delivering high-quality digital composites.
- **Feature Films:** Provided compositing expertise for large-scale feature films, integrating VFX with live-action footage and optimizing the final product.
- **Advertising Campaigns:** Delivered compositing services for several advertising projects, achieving striking visual effects within tight timeframes.

KEY ACHIEVEMENTS

- Introduced new tools and techniques, improving team productivity and enhancing compositing workflows across multiple projects.
 - Maintained consistent positive feedback from clients for delivering high-quality, visually striking composites under tight deadlines.
 - Successfully mentored junior artists and guided teams in the adoption of new tools and workflows, resulting in smoother project deliveries.
 - Demonstrated an ability to resolve complex compositing issues, achieving technically challenging shots with creative excellence.
-
